- All samples are subject to postage & packing charge.
- Altantec UK Ltd / Naturelli reserves all rights including change of products, prices and packaging without prior notice.
- This price list supersedes any previous.

Deliveries:

- All deliveries are to kerbside or nearest and safe accessible location.

Travertine: *Info & Recommendations to Naturelli Clients*

- Travertine is not manufactured, it is quarried.
- Travertine is a natural product which forms over millions of years and susceptible to shade and colour variation that adds to the overall characteristics of such limestone.
- Filled travertine is generally recommended for light traffic areas and bathrooms.

Fixing

Filled or Unfilled Travertine Tiles are to be back buttered fully and laid by the method of "Solid Bedding" with high quality "White Flexible" adhesive such as Vitrafix Marble & Stone Select.

PS. Holes may appear long after installation. If and when this happens it can easily be resolved by filling with resin or a good quality flexible coloured grout to match, such as Vitrafix Antibacterial Flexible Grout.

Non-regular stock items

Other than our regular stock items, we also supply made to measure project materials in any size, thickness or finish. These are available on order basis only and should be delivered within 6 to 8 weeks from the date of your written purchase order and the receipt of minimum 30% deposit. Balance to be paid, in full on delivery.
